

Marmoreal is available in a range of standard dimensions and finishes that suit the randomness of the material yet give the impression of a continuous surface. The smaller 30 x 30cm tiles provide the flexibility to install in small spaces in a consistent grid. The generous 60 x 60cm tiles and 305 x 124cm slabs allow greater opportunities for customisation. Blocks measuring 305 x 124 x 85cm are available on special request. Alternative thicknesses and dimensions are available upon request.

We offer a honed finish, (H), which gives a perfectly matte, natural expression of the marbles, or a polished finish, (P), which gives a more saturated, reflective surface.

Type		Size	Thickness	Finishing
Tiles		30x30cm	2cm / 3cm	(H) (P)
		40x40cm	2cm / 3cm	(H) (P)
		60x60cm	2cm / 3cm	(H) (P)
		100x100cm	2cm / 3cm	(H) (P)
		30x60cm	2cm / 3cm	(H) (P)
Slab		305x124cm	2cm / 3cm	(H) (P)
